Our experience has shown that it is wise to have an understanding with our patients as to our office policies and fees. This form has been prepared for your convenience and information. We offer several methods of payment for your care at our office, and you may choose the plan which best fits your needs. This form will help us to serve you better and to avoid any misunderstandings in the future.

If special arrangements are necessary, please consult with the Doctor.

*Our main concern is your health and well-being, and we will do our very best to help you.*

#### Plan #1---Insurance

If you have insurance that covers chiropractic care, we will bill your insurance directly. Please bring your insurance card and any of the forms required by your insurance forms. If you fail to bring your information, you are expected to pay each visit until your coverage is determined.

Our office will verify your coverage and completely explain your benefits to you. You must meet your yearly deductible and pay the small portion, "co-payment", of your visit that the insurance does not cover.

In the event that the insurance check is mailed directly to you, you are expected to bring the check to us.

#### Plan #2---Cash

Fees are to be paid at the time services are rendered, unless special arrangements have been made in advance.

#### Plan #3---Health and Life Extension Plan

A package of six to twelve Chiropractic office visits may be purchased at a discounted rate. This special plan benefits those who are interested in receiving periodic check-ups to maintain what was established in the initial phases of treatment. The long-term goals of this plan are to increase your health and longevity and decrease the chances of re-injury.

#### Plan #4---Work Injury

You need to report your accident to your employer, bring in the necessary insurance or attorney information, and sign industrial forms. We will bill your insurance directly.

#### Plan #5---Auto Accident

You need to supply us with the accident report, your car insurance, and attorney information if applicable. We will not bill the other parties insurance, because they have no legal obligation to pay our bills. If this is a concern to you, you will need to appoint an attorney to your case. Until the necessary information is gathered, you will be expected to pay for your care. We will bill your insurance directly after the verification of coverage. In the event that the check should come to you, you are expected to bring the check to us.
